To place an order for the different surface finishes in this range, simply replace the colour code in the second position of the product article number with the colour code of your choice. For example, in article number CER1S2NC, the "E" stands for stainless steel finish. If you would like to order the same product in "Polished Gold", replace "E" with "GP". The article number is then CGPR1S2NC. The finishes shown here are indicative only and may vary from the actual product.

PRODUCT INFORMATION: SOAPBOX

SOAPBOX

DESCRIPTION: SOAPBOX FOR POUCHES

The soapbox for use with 1 L vacuum pouches contain peristaltic pumps for the exact dosing of liquids. This component has a smooth, easy to clean outer surface and 2 closures that secure the vacuum pouches in place.

This soapbox in combination with the vacuum sealed pouches, ensures the quality of the liquid products does not diminish over time as it is not exposed to external contaminants.

SOAPBOX FOR BOTTLE

The new stainless steel miscea soapbox for bottle is compatible with 1 L Euro bottles.

All measurements are in mm

PLEASE NOTE: miscea recommends Euro bottles to not be refilled because refilling liquid hand hygiene products in existing containers has been proven in many studies as a cause of contamination associated with outbreaks.
